Helicopter Flight Over Grand Canyon / \$239 per person with tax

In wide open spaces there is always so much to see. Up in the air aboard Grand Canyon helicopters gets you closer to seeing it all. With each layer of rock recording a different era in time, you'll experience over two billion years of geologic history just out your window in 30 minutes of airtime.

During our Grand Canyon helicopter tours you will be flying over sights you can only see in the Grand Canyon, discover towering temples, deep gorges, and sizable buttes rising from the floor. In the Canyon's central corridor, its widest and deepest part, you'll likely become lost in nature's astounding makeup.

To book flights we need all customers name and body weight. Bookings in advance is strongly recommended.

FRONT SEAT UPGRADE: Fly first class and experience the pilot's point of view with a Front Seat Upgrade for only \$50 per person. There is limited availability and weight restrictions apply.
